Apathetic

Divider

I got run over and I dont care
my sterio got stolen and I dont care
the casserole is burning and I dont care
the phone is broken and I dont care
I dont care
I dont care
I farted on the train and I dont care
I pissed in the rain and I dont care
my cat shat on my pillow and I dont care
my toenail is ingrown and I dont care
chorus
people say I'm apathetic
I dont care & I'm pathetic
(I dont regret it)
I dont have any asthetics
because i'm apathetic
i'm gonna die and I dont care
never know why and I dont care
sleep between my thighs and I dont care
never tell me lies but I dont care
chorusthe world is ending and I dont care
got a pimple on my butt but I dont care
theres gum on my shoe, but I dont care
got a cat and he's a mutt, but I dont care
I dont care
I dont care
people say I'm apathetic
I dont care & I dont let it
bother me in any way
these people come around every single day
nothing to do, nothing to say
they're just like you so get the hell away !
Apathetic !
