

Tomorrow People

Vybz Kartel

Represent for the ghetto youth them you know
Hold on, Hold on, Hey
Tomorrow people, where is your past?
Tomorrow people, how long will you last?
Tomorrow people, where is your past?
Tomorrow people, how long will you last? Today you say you deyah
Tomorrow you say you're gone
And ya nah come back
If there is no love in your heart
Then there is no hope for you true, true
Tomorrow people, where is your past?
Tomorrow people, how long will you last?
Tomorrow people, where is your past?
Tomorrow people, how long will you last? So you're in the air
But you still don't have a thing to spare
You're flying high
While we're on the low o-o-oh Tomorrow people, where is your past?
Tomorrow people, how long will you last?
Tomorrow people, where is your past?
Tomorrow people, how long will you last? Stop tellin' me the same story
Today you say you deyah
Tomorrow you say you're gone and you nah come back
If there is no love in your heart my youth
Then there is no hope for you true true
Tomorrow people, don't know your future come on
Dont know your past, Dont know your future come on
How many people would that one catch
How many people would that one catch
Dont know your past, you wont know your future come on
