Agony

The Muffs

You were a fool to go under the table
And now you know you were unable
To pretend you're all alone
And now look what it's done to youAnd when you find that you're getting attention
And you think that you're having all the fun
But soon you'll realize
You're living in a fantasySo now you're all alone
And you don't really
Like the way he went away
And now you're living in agonyDo anything you want always all the time
But now you know it wasn't worth a dime
So now you're all alone
And now it's not a perfect worldAnd when you think
You're more clever than anyone
Now think again, we knew it all along
But in reality I know you'll never be okaySo now you're all alone
And you don't really
Like the way he went away
And now you're living in agonyAnd I'll be by your side
And I'll be by your side
And if you think that I'm unkind
Then you're blindSo now you're all alone
And you don't really
Like the way he went away
And now you're living in agony
