I got one verse to make you, see past the fro and the shoes, and feel the reason for the heatin up inside  
of this room, I'm like the messenger who, told you about the good newz,  
And soon you downloadin this single I approve on I tunes,  
And so you pick it up, move a little more and switch it up,  
Take it to the floor and burn it up, wanna get it free so you burn it up that's what's up  
It's all over, we shuttin them down , we shuttin them down  
man-n-n-nipulation,man-n-n-nipulation, man-n-n-nipulation, man-n-n-nipulation  
I ain't nothin butta messenga  
Change my flow to connect witcha  
You can feel this rhythm when it bump Play it loud until all the people come  
Watch this beat, make you move like you crazy  
So crazy it makes you freak  
But you too busy watchin me (don't do that)  
Cuz I ain't nothin butta messenga  
Change my flow to connect witcha

That's all we wanna do  
Gimme that drum & bass love  
We bringing back back that beat watch the bass drop  
We bringing back back that beat make ya body rock
