Marching Band

Joe Brooks

Crashing through a deeper ocean
Drowned in waves of pure emotion
Tears they?re rolling from each others eyes.
It?s you and me against the world now
Take my hand, lets find a marching band
That beats the rhythm of our hearts
We?re the fire the flames
They can?t put out
A faith like oxygen
So breathe it in
Be with me now,
It?s us against the world
It?s us against the world
Try stopping us now.
I can promise you our life brings
Lies to pain such a sweeter ending

How am I to know if this is our last embrace
Oh we?re the fire the flames
They can?t put out
A faith like oxygen
So breathe it in
Be with me now,
It?s us against the world
It?s us against the world
The world,
So try stopping us now
Try stopping us, now.
Try stopping us now,
It?s us against the world
The world
Try stopping us now
Take my hand, lets find a marching band
