Spit It Out

Whitesnake

I never knew what a kiss could mean
Until the first time I kissed you
You took my love in the palm of your hand
An' showed me what a woman could doNow I don't want sugar coated loving
Just silver tongue tenderness
You gotta give me a certain satisfaction
The kind of love you seal with a kissAn' spit it out, spit it out, spit it out
If you don't like it
Spit it out, spit it out, spit it out
If you don't like itI can remember, I can recall
When I first set my eyes on you
I'll never forget the thrill of it all
Dreaming of the things we could doBaby, you must be crazy
Fooling with a man like me
'Cause I roll my dice with a heart of ice
An' make it clear to seeSpit it out, spit it out, spit it out
If you don't like it
Spit it out, spit it out, spit it out
If you don't like itI never knew what a kiss could mean
'Til the first time I kissed you
You took my love in the palm of your hand
An' showed me what a woman could doYour sweet caress an' tenderness
Can take the pain away
The things that you do make a queen out of you
An' make me a king for a dayIf you don't like it, spit it outNow I know what your love can do
I'll be hanging 'round your door
An' I'm gonna love you baby
I'm gonna give you more than you bargained forSpit it out, spit it out, spit it out
If you don't like it
Spit it out, spit it out, spit it out
If you don't like itSpit it out
Spit it out
Spit it out
