Worlds Away

Die Happy

They were children fighting in the fields
Muddy faces, bows and arrows
Pretending that their fatal wounds would heal
But that was then and this is nowGive me a reason, a reason to stay
I am lost, confused, worlds away
So give me the answer, show me the way
'Cause I'm bound to lose, feel betrayedNow they're fighting in the killing fields
Digging trenches, drowning sorrows
No pretending now, the pain is real
Asking why and what it's for?So welcome to the real world
It's a question of belief
Is it worth dying for
