

# What's She Really Like

## Elvis Presley

Whats she really like, the girl that you see me with  
Whats she really like, the one Im so dreamy with  
Well, let me tell you shes wonderful  
Shes marvelous and shes mine Told here that her lips, her lips are so thrillable  
I cant describe her kiss in words of one syllable  
Shes even more than adorable  
And whats moreable shes mine Youre asking if she loves me  
Well, you dont know the half  
Youre wondering if shell leave me  
Ha, ha, ha, dont make me laugh Whats she really like, the girl I go on about  
Whats she really like, the one Im so mad about  
All that I can say, shes wonderful  
Shes marvelous and shes mine Youre asking if she loves me  
Well, you dont know the half  
Youre wondering if shell leave me  
Ha, ha, ha, dont make me laugh Whats she really like, the girl I go on about  
Whats she really like, the one Im so gone about  
All I can say, shes wonderful  
Shes marvelous and shes mine Adorable and she's mine  
Marvelous and shes mine  
Wonderful and shes mine
