

# Magic

## Alien Sex Fiend

Magic  
You, you seek magic  
You, you know all the tricks  
You, you seek magic  
You, you know all the tricks  
Drinking down a rainbow  
Sleeping in the clouds (aaah)  
You, you seek magic  
And you, you know all the tricks (You, you seeka the magic)  
The sea is all blue  
And full of dead things (dead, dead)  
Beneath me lie dinosaurs & kings  
(Ali li ali li)  
Surrealistic narcissistic figure standing  
Looking d-o-w-n into the pond (plop) I was a sacrifice to her charm  
I was a sacrifice to her charms  
(Ali li ali li) You, you, you  
You, you seek magic  
You, you know all the tricks  
You, you seek magic  
And you, you know all the tricks (don't you?)  
Drinking down a rainbow  
Sleeping in the clouds (ah)  
You, you seek the magic  
And you, you know all the tricks
