

# 2nd Round

## Usher

Just touched down in town again  
You think about me now and then  
Been missing my lover friend  
Let's say we have a second round again Girl it's been a while  
So I thought I'd hit you up  
You never left my mind  
Let's pick it up where we left off  
The last time I loved you fiercely baby  
So let me feel you up  
Yeah it's been a minute  
I know you miss the way we touch  
You can think about you don't want it  
You don't wanna come across too anxious  
Come see if you're ready for a second round Girl I'm in your town, come over  
Girl don't let me down, I won't be here for long  
I'll show you a good time, one that we'll both remember  
Girl give me your best respect unless girl Said you wouldn't but you did it, oh girl  
I can tell you don't regret it 'cause you ain't been touched like this  
Since the last time The feeling that I get every time we connect, oh there it is  
Who else cares, let 'em out, but I'll be back around  
Baby you can hang around if you want to  
But I gotta be out, have some V-I  
When I get back, be ready for a second round Girl I'm in your town, come over  
Girl don't let me down, I won't be here for long  
I'll show you a good time, one that we'll both remember  
Girl give me your best respect unless girl Just touched down in town again  
You think about me now and then  
Been missing my lover friend  
Let's say we have a second round again Girl I'm in your town, come over  
Girl don't let me down, I won't be here for long  
I'll show you a good time, one that we'll both remember  
Girl give me your best respect unless girl
