Love Me On The Rocks

Blue System

Ooh
(Are you ready?)She had higher zone
My world turns blue
She went to opera
She went to schoolOh, I can't take my eyes off you
Come baby, you're breaking golden rules
She leave, it's tough
Oh, then the rest of allOh, everybody needs a love to fall
Oh, man to man, heart to heart
Baby, let me know when we startOoh, love me on the rocks
(Come on)
Rock me baby
Come on making love
(Come on)
Be my ladyLove me on the rocks
(Come on)
Be my love tonight
(Are you ready?)
Love me on the rocks
(Come on)
Rock me babyOn the wings of love
(Come on)
You make me crazy
Love me on the rocks
(Come on)
Be my love tonightTake another night
Don't bring me down
My favorite fantasy
Is hanging aroundThat's no way to say goodbye
Meet me in the world up in the sky
Oh, it's a game of love, a game for fools
The day will come, what can I lose?Oh, man to man, heart to heart
Baby, let me know when we start
