

Love's Gone Away

[Marty Robbins](#)

Love's gone away she never wanted to stay
Hours go by each one seem like a day when love's gone away
My eyes look but they don't see blinded by her memory
Bitter tears falling as I keep recalling how she took her love from me
Love's gone away...

My eyes look but they don't see...
Love's gone away...
Love's gone away...
