

# Beauty

Dru Hill

Sorry didn't notice you there  
But then again you didn't notice me  
So we'll remain passers by  
Until the next time we speak I hope that I can make you mine  
For another man steals your heart  
And once your beauty is mine  
I swear we will never be apart She walks by me every day  
Her and love are the same  
The woman that's stolen my heart  
And beauty is her name I'm hoping I can make you mine  
For another man steals your heart  
And once this beauty is mine  
I swear we will never be apart Didn't take much time to think about  
But I didn't want to move too fast  
'Cause I knew that when I saw you again  
That I wouldn't want to let you pass 'Cause my eyes have seen the glory  
And the coming of your smile  
So I swear if you ever come round again  
Please stay for a while She walks by me every day  
Her and love are the same  
The woman that's stolen my heart  
And beauty is her name I'm hoping I can make you mine  
For another man steals your heart  
And once this beauty is mine  
I swear we will never be apart You are so beautiful  
When I'm down and out  
I never seem to get tired  
Tired of your love 'Cause you are wonderful  
You're wonderful  
I'm just dying to make you see  
Anything you want inside your heart You can find right here inside of me  
She walks by me every day  
Her and love are the same  
The woman that's stolen my heart And beauty is her name  
I'm hoping I can make you mine  
For another man steals your heart  
And once this beauty is mine I swear we will never be apart  
Walks by me every day  
Her and love are the same

The woman that's stolen my heart  
And beauty is her name  
I'm hoping I can make you mine  
For another man steals your heart  
And once this beauty is mine  
I swear we will never be apart  
Walks by me every day  
Her and love are the same  
The woman that's stolen my heart  
And beauty is her name
