Rocket To The Moon

Jim Brickman

i see you ,
and i`m waiting to make my move
but i`m scared, and i know
that u have better things to doI touch your hand, and i`m wearing my heart
on my sleeve, its cleche, i know, but baby its the price we pay
to get the things that we've wanted and get the things
we've left behind, what you wanted what you needed
what you`ve always dreamt about.dont take another step, dont breath another breathe
unless your coming back to meCHORUS:
i`m trusting you and i`m taking the long way home
i`m leaving, and its not because of you,
will you just hold me tight and never let me go
i know this whole things wrong but baby were invincibleif i could take these words and fill them up with air
i`d fly you too the stars so we can disapear
if i could take your heart and keep it close to me
i swear it will not brake, i swear it will not bleed,
and i believe just anything you sayif you'd tell me to get lost id ask how far away
and now its getting late and i cant keep my eyes open
but my hearts open for youCHORUS:(x4)
i`m trusting you and i`m taking the long way home
i`m leaving, and its not because of you,
will you just hold me tight and never let me go
i know this whole things wrong but baby were invincible
