Tremors

Dead Letter Circus

With each step forward now I hesitate
To feel its hold growing everyday.
I've grown stronger and I can feel a change
So I pull the fear and doubt so I can't breathe.
And I say weakness is a self constructive mind.
I say strength is a self constructive mind.
Both things, equalled, seem to neutralise and remain still.
With each step forward I resonate,
The balance broken there's momentum gained.
I've grown stronger, I can feel a change
So pull the fear and doubt so I can't breathe.
And I say weakness is a self constructive mind.
I say strength is a self constructive mind.
Both things, equalled, seem to neutralise and remain...
Don't lay down, and stay low.
Don't lay down, you'll be running from...
Give yourself no warning, there's fear in understanding.
So give yourself no warning, there's fear in understanding.

So give yourself no warning this time.
This time...
I'm gonna re-decide my fate when the feelings over,
Step back and analyse my ways when the feelings over.
I'm gonna re-decide my fate when the feelings over,
Step back and analyse my ways when the feelings over.
I'm gonna re-decide my fate when the feelings over,
Step back and analyse my ways when the feelings over.
It's turning into sound,
Keeping me from ground...
Would you take a life?
Or create the life?
Would you take a life?
I've grown stronger, faster, harder, wiser,
Stronger, faster, harder, wiser,
Stronger, faster, harder, wiser, wiser, yeah.
Whoa, whoa, whoa, whoa, whoa, whoa, whoa, whoa, oh!
