Cool Night

Joseph Williams

I sometimes wonder why
All the flowers had to die, I dream about you
And now summer's come and gone
And the nights they seem so longCome on over tonight
Come on overIt's gonna be a cool night
Just let me hold you
By the firelight, if it don't feel right
You can goOh, oh, when the cool night
Brings back memories
Of a good life
When this love was not so oldOh, oh, I won't talk about the past
How love's supposed to last forever
And you don't have to take a stand
Lay out any plansCome on over tonight
Come on overIt's gonna be a cool night
Just let me hold you
By the firelight, if it don't feel right
You can goOh, oh, when the cool night
Brings back memories
Of a good life
When this love was not so oldCome on over tonight
Come on overIt's gonna be a cool night
Just let me hold you
By the firelight, if it don't feel right
You can goOn a cool night, let me hold you
On a cool night, just let me hold you
By the firelight, if it don't feel right
You can goOn a cool night, let me hold you
On a cool night, just let me hold you
By the firelight, if it don't feel right
You can goOn a cool night, let me hold you
On a cool night, just let me hold you
By the firelight, if it don't feel right
You can go
