

GOT IT GOOD (feat. Craig David)

KAYTRANADA

[Craig David]

Don't worry bout the ? we throw in the back ? good
And you're the best I ever had baby
You don't know ? i got it good
I'm sorry that you re worth it
You deserve it girl
Don't worry about the ? we throw in the back ? good Do you remember where we started
Remember me and you ? late at night and
Yeah, you had me down when I had nothing
And that's the reason i was ? that i can't
My hand miss your hand
Our love is a plastic
But here is my ?
The fact is no stress
Baby I got this
Treat you like the queen ? palace Don't worry bout the ? we throw in the back ? good
And you're the best I ever had baby
You don't ? I got it good
I'm sorry that you're worth it
You deserve it girl
Don't worry about the ? we throw in the back ? good Got no hands on my ?
When it comes to me and you girl our time is priceless
There's no need for hesitation when you ?
I wanna show appreciation so i ?
? you trying, girl if you like it
But you used to ?
The ?
One of a kind, do anything that can do please my ?
