Living In a Fantasy (Remastered LP Version)

Leo Sayer

You... you are my reason to live
You make me shine... with all the love that you give
And when I think of you... I keep driftin' away
Little by little... I love you more ever day
I lay in bed but I just can't sleep
I close my eyes and you're all that I see
I can't believe that it's happening to meLiving in a fantasy
Ever since you came to me
Living in a fantasy
Drowning in this luxury
Ever since you came to me
I'm living in a dreamOh, I know... there'll be storms up ahead
We'll blow them away... bring back the sun again
For love conquers all... the gloom and despair
Nothin' can go wrong... just as long as you're there
I see a light on the path up ahead
I know you'll wait on the cliff where you said
I'll hold you close 'till we're right on the edgeLiving in a fantasy
Oh you're too much... too soon... too strong
But I want to drown in your touch
Don't keep me floating too long
