In Here We Fall

Electrasy

I wanna get to heaven but bombed out in hell
I'm strung out, so high today
I've got nothing to do but get stonedOh, in here we fall
Oh, in here we fallInstinct gives me pleasure, I don't like the pain
I'm in a mess but I'm impressed
I've got nothing to do but get stonedOh, in here we fall
Oh, in here we fallI've got nothing to do, I've got nothing to do
I've got nothing to do, I've got nothing to do
I've got nothing to do, I've got nothing to do
I've got nothing to do, I've got nothing to doNothing to do but get stoned
Nothing to do but get stoned
Nothing to do but get stoned
Nothing to do but get stonedOh, get stoned
Oh, get stoned
Oh, get stoned
Oh, get stoned
