Backseat (feat Chevy Jones)

Iggy Azalea

Last night, we got married in a taxi
I swear I loved you, yes I love you like there's no tomorrow
and Iv got no time, for second thoughts now
we got tonight and then I have to go.(D.R.U.G.S.)
I know you want it
So why prolong it?
Perfect time right now
Gimme that look, I'm a hop up on itIggy in that zone
And we all alone
Wotchu waiting on
Lot of woman back here, how bad you want it?
Back bone, back on, gonna back that to my back bone
Back strong, back back back my apple, not no iPhone
Backseat, that's our horny ecstasy, popping gon' already see
So there we be, we feel it, yea I'm telling he
Get it turned on in the parking lot
That's true love, that's true love
Get it turned on in the parking lot
That's true him, that's true love
Get it turned on in the parking lot
That's true love, that's true love
Get it turned on in the parking lot
In the backseat, in the backseat of the car
Here we go, up and down to the beat
Never caring if they peep 'cause the windows fog
Gotta get it when I get it, get it right, get it good
Get it good while it's good, it's the shit for allI don't really do this with all
But the way you touch me, my dress come off
Drop get you rocking then the top come off
And my top come off then we bring it hard
Back bone, back on, gonna back that to my back bone
Back strong, back back back my apple, not no iPhone
Backseat, that's our horny ecstasy, popping gon' already see
So there we be, we feel it, yea I'm telling he
Get it turned on in the parking lot
That's true love, that's true love
Get it turned on in the parking lot
That's true him, that's true love
Get it turned on in the parking lot

That's true love, that's true love
Get it turned on in the parking lot
In the backseat, in the backseat of the car
Back gone
Can't wait to get that home
I want that (backseat love)
I want that (backseat love)I want my back gone
Can't wait to get that home
I want that (backseat love)
I want that (backseat love)I want my back gone
Can't wait to get that home
I want that (backseat love)
I want that (backseat love)I want my back gone
Can't wait to get that home
I want that (backseat love)
I want that (backseat love)
