

50/50

Lemar

Been a long time, you say you missed me
Word gets 'round, you shouldn't have dissed me
Step back, don't try to kiss me
Right about now I'm 50/50I heard it through the grapevine that you were with him
Just the other night
I don't know why I try hard to keep you so happy
When you don't love me, don't love meBeen a long time, you say you missed me
Word gets 'round, you shouldn't have dissed me
Step back, don't try to kiss me
Right about now I'm 50/50I heard it through the grapevine that you were with him
Just the other night
I don't know why I try hard to keep you so happy
When you don't love me, don't love meAre you calling me a liar?
Are you saying that I'm not tellin' the truth?
Denying what she told me
You know you got way too much to loseYou're claiming they are rumors
You say you got nothin' else to hide
How come she told me
She saw somebody by your side?Been a long time, you say you missed me
Word gets 'round, you shouldn't have dissed me
Step back, don't try to kiss me
Right about now I'm 50/50I heard it through the grapevine that you were with him
Just the other night
I don't know why I try hard to keep you so happy
When you don't love me, don't love meBeen a long time, you say you missed me
Word gets 'round, you shouldn't have dissed me
Step back, don't try to kiss me
Right about now I'm 50/50I heard it through the grapevine that you were with him
Just the other night
I don't know why I try hard to keep you so happy
When you don't love me, don't love meI know everything
When I sent you on that shopping spree
You went with him spending my money
Girl, I'm so sorry but you gotta leave me
Just leave meAre you calling me a liar?
Are you saying that I'm not tellin' the truth?
Denying what she told me
You know you got way too much to loseYou're claiming they are rumors
You say you got nothin' else to hide

How come she told me
She saw somebody by your side? Been a long time, you say you missed me
Word gets 'round, you shouldn't have dissed me
Step back, don't try to kiss me
Right about now I'm 50/50 I heard it through the grapevine that you were with him
Just the other night
I don't know why I try hard to keep you so happy
When you don't love me, don't love me Been a long time, you say you missed me
Word gets 'round, you shouldn't have dissed me
Step back, don't try to kiss me
Right about now I'm 50/50 I heard it through the grapevine that you were with him
Just the other night
I don't know why I try hard to keep you so happy
When you don't love me, don't love me Can't knock this, no, you can't hold me down
Keep hustling, girl, I won't be around
Can't knock this, no, you can't hold me down
Keep hustling, girl, I won't be around Been a long time, you say you missed me
Word gets 'round, you shouldn't have dissed me
Step back, don't try to kiss me
Right about now I'm 50/50 I heard it through the grapevine that you were with him
Just the other night
I don't know why I try hard to keep you so happy
When you don't love me, don't love me Been a long time, you say you missed me
Word gets 'round, you shouldn't have dissed me
Step back, don't try to kiss me
Right about now I'm 50/50 I heard it through the grapevine that you were with him
Just the other night
I don't know why I try hard to keep you so happy
When you don't love me, don't love me
