

Walking On Water

Melissa Etheridge

What did you want
How could I guess
You wanted more
I gave you less
A miracle is all I need
A bush to burn
A stone to bleed Walking on water
Water to wine
Love lasts forever
Wish you were mine What did I take
That took away
Desire's spark
A lover's blaze
Stone cold skin
A bitter breeze
A miracle is all I need Walking on water
Water to wine
Love lasts forever
Wish you were mine Walking on water
Water to wine
Love lasts forever
Wish you were mine Walking on water
Water to wine
My love lasts forever
I wish you were mine
Oh my love last's forever
I wish you were mine
