# Where You Come In

## Shout Out Louds

Soon Ill be on my way
Time is on my side, Im blowing away
Thats where you come in
You come in(Pre-Chorus):
I never wanted it
And I never forced you upon it
I never wanted it
And I never forced you upon it(Chorus):
Sometimes you give, sometimes you take a little too much
Sometimes not enough, not enough
Sometimes you give, sometimes you take a little too much
Sometimes not enough, not enoughI make plans to leave for the city
To stay up all the night, for the sun to greet me
But thats where you come in, where the feeling sets in(Pre-Chorus)(Chorus)Sometimes you give, sometimes you take a little too much
Sometimes you give, sometimes you take a little too much
Thats where you come in
Where you come in
Where you come in(Chorus)
