

On Top (Live '99)

The Moldy Peaches

Just a cool cat in a small town (small town)
Working my ass at a Walbouns (Walbouns)
Waiting to groove in a hip town (hip town)
Get down
I'm waiting for the sound of a new town
Trying to avoid a little beat down (beat down) of a white boy who thinks that he's down
(he's down) That's me
And I'm waiting to succeed I might be just a little kid but I know what rocks
Rap is out the Moldy Peaches are at the top
We hate dance and we hate rap
But we like to contradict ourselves
And that's alright (x 2)(Repeat all)
