Think you know the answer?  
Think you got all the problems?  
Well, why not try and solve them?  
Instead of your sitting on themSolitaire, solitaireTaking on new projects  
Steadily slipping sideways  
Close your ears to reason  
Your very valued opinionSolitaire, solitaireNothing is getting you nowhere  
Never meaning what you're saying  
Well, now I need decision  
[Incomprehensible]Solitaire, solitaireThe slightest seems to explode you  
Well, the whole world will implode you  
Solitaire for the lonely fly  
You're not the only oneSolitaire, lonely flyCan't pull out my heart  
Can't pull out my heart  
Can't pull out my heartSolitaire, solitaireSolitaire  
For the lonely flyThink you know the answer?  
Think you got all the problem?  
Well, why not try and solve them?  
Instead of sitting on themTaking on new projects  
Steadily slipping sideways  
Close your ears to reason  
Your very valued opinionNow, nothing is getting you nowhere  
Never meaning what you're saying
