Favorite State Of Mind

Josh Gracin

Sometimes I crave an old-fashioned adventure
Yes, sometime away from day to day that gets ya
Needed some kind of a break
Like a hammock in the shadeI've got this spot where it don't get much better
Yeah, it's cold, it gets hot, I don't worry 'bout the weather
My private paradise don't fit the classifieds
Vacation at my side every day and every nightHawaii's got big breaks, Michigan, Great Lakes
Colorado snowflakes, Georgia peaches
Louisiana hot food, New York attitude, Florida beachesTennessee whiskey, baby, are you with me?
Texas chili, Virginia pine
It's hard to beat that California sunshine
Baby, you're my favorite, favorite state of mindIt feels just like I've died and gone to Heaven
Your lips, your eyes, hell, everything gets me revvin'
You're fearless and you're fun, thirty flavors all in one
Crazy, happy, laughin' at me, all that and then someHawaii's got big breaks, Michigan, Great Lakes
Colorado snowflakes, Georgia peaches
Louisiana hot food, New York attitude, Florida beachesTennessee whiskey, baby, are you with me?
Texas chili, Virginia pine
It's hard to beat that California sunshine
Baby, you're my favorite, favorite state of mindHawaii's got big breaks, Michigan, Great Lakes
Colorado snowflakes, Georgia peaches
Louisiana hot food, New York attitude, Florida beachesTennessee whiskey, baby, are you with me?
Texas chili, Virginia pine
It's hard to beat that California sunshine
Baby, you're my favorite, favorite state
Baby, you're my favorite, favorite state of mindMy favorite state of mind, yeah
My favorite state of mind
