This Is Not a Revolution

Braid

Verse 1:
Business is good
And the children are high
And we're counting coffee beans
And soaking up the energy
And writing old biographies
Of ancient men who sabotaged
For the death of the middle
On their way to the top, on their way to the topChorus:
We can double-cross
Two-timing daughters and sons
We wanna get over it all (2x)Verse 2:
I'll take a hundred
And you can have just one
This is not a revolution (6x)
(background) You're just a number (4x)Chorus:
We can double-cross
Two-timing daughters and sons
We wanna get over it all (2x)
We can second-guess, hasty judgements
We can double-cross
Two-timing daughters and sons
We wanna get over itChorus:
We can double-cross
Two-timing daughters and sons
We wanna get over it all (2x)
We can second-guess, hasty judgements
We can double-cross
Two-timing daughters and sons
We wanna get over it
(background) It's universal law, not yours to draw out and plan(layered)
This is not a revolution (4x)
It's universal law, not yours to draw out and plan (2x)
You're just a number (4x)
