

Kill The Elite

Kataklysm

The end is venomous
You should die
The souls are treacherous
Cast away to the other sideWill not surrender
Obey your master
The night of the blood
Is all about thisThe crown made of thorns
Forever fall
They won it all
Put your shackles on me
Sentenced to failPrepare the circle of death
That leads to nowhere
There's no way out of here
There's nothing to fear
Is not foreverKill The Elite
Kill The EliteOn By One
Dust to dust
Kill The Elite
Darkness falls upon us
Kill The Elite
We are the light of rebellion (rebellion)The end of all your reign
The end of your controlThis change to gray
Unleash the beast of humanitySet me free
Set me freeLook into my eyes
What you see is real
And it's the last thing you'll ever seeKill The Elite
Kill The Elite
On By One
Dust by dust
Kill The Elite
Darkness fall upon us
Kill The Elite
We are the light of rebellion
