

Level Up (w/ LEViTÂN†TE, ft. Macntaj)

Bassnectar

You know we came to get down

Look, let's level up

Pedal to the metal when I play the cut

Doing double time like Double Dutch

They a dime a dozen so I double up

These late nights finna pay off

Won't take flight, no days off

My blood pumpin', my blades sharp

Young save her, tryna save her

You feel the music 'til the mind fade back

Comin' with the Bassnectar beside they back

Part another plan where ya find me at

With a limelight past I'll be right, right back

These late nights, take flight

No days off, take flight

My blood pumpin', my blades sharp

Young save her tryna save her

You know we get down

You know we came to get down

You know we came to get down

You know we came to get down
