

# Think About Me

## Tom Petty & The Heartbreakers

Listen little baby one of these days  
Your pretty head's gonna turn my way  
Honey, oh baby you just wait  
One of these nights you're gonna call my nameOh yeah, one of these days  
Girl you better believe, honey wait and see  
Yeah, you better believe  
You're gonna think about meYour boyfriend's gotta big red car  
Got a compact disc, got a VCR  
I can't do no disco dance  
But I can sure love you baby if you give me a chanceOh yeah, one of these days  
Girl you better believe, honey wait and see  
Yeah, you better believe  
You're gonna think about meI said oh pretty baby, is it something I've said?  
Tell me why little baby,  
I said why must you play with my head?Listen little girl I said one of these days  
Your pretty head's gonna turn my way  
Yeah, one of these days, I know I'm right  
You're gonna look for me in the middle of the nightOh yeah, one of these days  
Girl you better believe, honey wait and see  
Yeah, you better believe  
You're gonna think about me
