Long Live The Dream

Spoken

How many times have you heard the words.
this is the last time, this is the last time I rescue you?
you've lost your way and there's nobody there to pick you back up,
to pick you up and send you on your way.

one thing I know for certain,
you are the only one to give up on your destiny.

don't let anyone take your dream away.
those on the outside can't live your life on the inside too.
you'll never touch the stars unless you try.
long live the dream, long live the dream inside your soul.
falling is not that hard to do when you're all alone.
