Crying in the Rain

[Erasure](#)

Can you make it alright?
Can you make it okay?
When the talk don't come out right
You're moving further awayNow I feel no pain
I do my crying in the rainEverybody hurts when you play in the game of love
Stumble and fall and it's all in the name of loveWords don't come out right
Can you make it okay?
And the way I feel, I keep out of sight
Then make the heartbreak fade awayAnd the nights are long and cold
I want you here my dear to holdEverybody hurts when you play in the game of love
Stumble and fall and it's all in the name of loveEverybody hurts when you play in the game of love
Tear it apart and it's all in the name of loveNow I feel no pain
I do my crying in the rainEverybody hurts when you play in the game of love
Stumble and fall and it's all in the name of loveEverybody hurts when you play in the game of love
Tear it apart and it's all in the name of loveEverybody hurts when you play in the game of love
Stumble and fall and it's all in the name of love
