Jimmy Kane

Muse

Jimmy Kane can't sleep at night
Sex in pain
Keeps me alive
Keeps me alive

Your can't confuse yourself
They make you know what else
Your can't fake it
You will never make it
Your can't confuse yourself
They make you know what else
Your can't fake it
You will never make it
Yeah

Your to pay
For everything
Sex in pain
Keeps me moving
Keeps me

Your can't confuse yourself
They make you know what else
Your can't fake it
You will never make it
Your can't confuse yourself
They make you know what else
Your can't fake it
You will never make it
Yeah
