Drug Boy

Filter

Come along sally let's have a break down
Come along sally let's hit down town
Come along sally let's have a drug run
Come along sally let's go get a gunDrug boy loves the night
Drug boy loves the night
Drug boy loves the night
Drug boy loves the nightYou're trying to help me and all I'm thinking,
It's just the biggest waste of timeCome along sally 12 hours of acid
Come along sally lets dig up a casketDrug boy loves the night
Drug boy loves the night
Drug boy loves the night
Drug boy loves the nightYou're trying to help me and all I'm thinking, It's just the biggest waste of time
You are trying to help me and all I'm thinking, It's just biggest waste of timeTonight these chemicals are god
Tonight these chemicals are sunlight
Golden sunlightDrug boy loves the night
Drug boy loves the night
Drug boy loves the night
Drug boy loves the nightYou're trying to help me and all I'm thinking,
It's just the biggest waste of time
You are trying to help me and all I'm thinking, It's just biggest waste of time
Yeah
