Heartlines

Broods

[Intro]
We could fool the datelines
We could jump the statelines
I don't always play nice
But I wanna feel your heartlines
I wanna feel your heart[Verse 1]
Have you been let down
By the ones before?
Do you leave too soon to know?
Never fell in love
Cause I just cut loose
But not when it comes to you[Pre-Chorus]
Dressing in black
You're around for the weekend
Dancing at night, you're the light
That I won't let go
And I want you close[Chorus]
We could fool the datelines
We could jump the statelines
I don't always play nice
But I wanna feel your heartlines
I'll pick you up at midnight
We'll run to beat the sunlight
We only get the one life
And I wanna feel your heartlines
I wanna feel your heart[Verse 2]
Now we're far apart
In and out of touch
And the words don't mean as much
So I sit across from someone new
But they don't compare to you[Pre-Chorus]
Lying in bed wide awake, I remember
Dancing at night, you're the light
That I won't let go
And I want you close[Chorus]
We could fool the datelines
We could jump the statelines
I don't always play nice
But I wanna feel your heartlines

I'll pick you up at midnight
We'll run to beat the sunlight
We only get the one life
And I wanna feel your heartlines
I wanna feel your heartlines[Bridge]
Lying in bed wide awake, I remember
I feel
Dressing in black
You're around for the weekend
And I won't let go
Cause I want you close[Chorus]
We could fool the datelines
We could jump the statelines
I don't always play nice
But I wanna feel your heartlines
I'll pick you up at midnight
We'll run to beat the sunlight
We only get the one life
And I wanna feel your heartlines
We could fool the datelines
We could jump the statelines
I don't always play nice
But I wanna feel your heartlines
I wanna feel your heartlines
I wanna feel your heartlines
I wanna feel your heart
