

I Believe

R. Kelly

Hey, hey, hey
Hey, hey, hey
Hey, hey, hey I believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believe, I believe, I believe, oh I When the mountain seems too high (high, high)
And you don't have the courage or the strength to climb
And the road you're on won't end
But still you run though you cannot see the finish line And dark clouds are over you
Your skies no longer blue
But you marched on straight ahead
Somehow you made it through Got to the mountain
They left a path of me
Your victory made history and now I believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believe, I believe, I believe, oh I When it felt like you were weak
And couldn't fight no more
On the ropes and it seemed like
You was gonna run out of breathe When the world was on your shoulder
And the walls were in your way
You leaped and made it over
Through it all, you kept the faith With hope you set us free
You showed us how to dream
And now we can lift our voices
And forever sing Now's the time to look ahead
And thank our heroes of the past
To celebrate this victory
Let's raise the flag 'Cause I believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believe, I believe, I believe, oh I And when they tried to keep you down
You kept up your head
Never losing sight
You believed in what was right You endured to the end
Walked through the strongest wind
The storm's over
And a new day begins And when our hope was dying
You brought us healing

And now I got something
To tell my childrenI believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believe, I believe, I believe, yeahI believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believeI believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believeI believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believe, I believe, I believe
Oh, I believe, I believe, I believeSay it, I believe, hey, oh, I believe
