

Seeds Of Life

Seeds of Life

(Written by Kirk McLeod, arranged by Seven Nations)Ooh how my mind moves to green when I close my eyes
Because green is the color of life, life I'm denied

Seeds of hope, seeds of faith
Will you grow, grow to escape
Prison walls and grow greener
And carry me far away

Ooh how the time moves so slow while my garden grows
But hope's my companion, time without, well often I've known
Well I won't, and I will

And I won't, I won't stop until
You grow strong, and grow greener
And carry me far away

Carry me far awayTake me and then arrest me

Take me, don't leave me long
Don'tSeeds of hope, seeds of faith
Will you grow, grow to escape
Prison walls and grow greener
And carry me far away
Carry me far away
