I'm Ready

Royal Trux

Now you know I'm ready
Can't you see I'm ready
Well hell you know I'm ready
Now you know I'm ready

One more time around the block with me
One more time around the block
One more time around the block with me
Just for me!

Now you know I'm ready
Can't you see I'm ready
Well hell you know I'm ready
Now you know I'm ready

One more time around the block with me
One more time around the block
One more time around the block with me
Just for me!

I'm ready!
I'm ready!
I'm ready!
I'm ready!

Now you know I'm ready
Can't you see I'm ready
Well hell you know I'm ready
Now you know I'm ready

One more time around the block with me
One more time around the block
One more time around the block with me
Just for me

Now you know I'm ready
Can't you see I'm ready
Well hell you know I'm ready
Now you know I'm ready

One more time around the block with me
One more time around the block
One more time around the block with me
Just for me

I'm ready!
I'm ready!
I'm ready!
I'm ready!
I'm ready!
I'm ready!
I'm ready!
I'm ready!
I'm ready!
I'm ready!
I'm ready!
