Big Bad World

Kodaline

From the time your hand didn't fit round my finger
The first time that I saw you smile
I realized why I?m alive
And that time we
First hear you say the word, daddy
And when your front teeth disappeared
Let?s still be clear, why I?m here
When life throws you arrows and makes you feel small
My love for you child will conquer it all
So you don?t have to worry
I Won?t let the big bad world get you
No you don?t have to worry
I Won?t let the big bad world get you, no way
There?ll be battles
And they may be too big to handle
But while there's still strength in these bones
You?ll never fight them alone
When your little heart breaks
Know that we feel each and every ache
Before you, I never did know
Just how deep my love could go
All of the milestones and things that I?ve done

They can?t compare to you my son
And so you don?t have to worry
I won?t let the big bad world get you
No you don?t have to worry
I won?t let the big bad world get you
And so you don?t have to worry
I won?t let the big bad world get you
No you don?t have to worry
I won?t let the big bad world get you
Set sail and go
Don?t be scared if the mighty wind blows
Keep your eyes on the horizon ?cause I?ll be there
Calling you home, Calling you Home
So you don?t have to worry
I won?t let the big bad world get you
No you don?t have to worry

I won?t let the big bad world get you
No you don?t have to worry
I won?t let the big bad world get you
No you don?t have to worry
I won?t let the big bad world get you
From the time you?re hand didn't fit round my finger
