

# Folds in Your Hands

## Passion Pit

Leave me alone  
Leave me alone  
Leave me alone  
I'm fine  
I'll be fine until the morning comes  
Then unmask me in the blistering sun Oh, let me go  
Just let me go  
Just let me go  
Or I'll  
Burst in front of your eyes  
Then collect myself from the ground And when I go  
And when I go  
Just let me go  
Like a light  
Flickering out in the skies  
Lost as fast as was found Everything is easy when you've never had to choose  
But the balance has shifted and we're forced to lose  
Like the sun and the moon, I will circle you 'til you bloom  
I will crush, I will maul, I will burn until I get to you Lay low  
Don't let me know when it's real  
Will they quietly follow me here?  
Take me as their own? Now I will hold you I will keep you  
I'll control my love  
Until it folds in my hands  
But I'll build it back to the top Everything is easy when you've never had to choose  
But the balance has shifted and we're forced to lose  
Like the sun and the moon, I will circle you 'til you bloom  
I will crush, I will maul, I will burn until I get to you Feel it rain  
We're alive  
Feel it rain
