## Laurel

## **Goldfrapp**

Looking for light A golden light Red red hair And almond eyesSearching for love A wallet's hot The price is right It's money for loveLooking for light A golden light With your red red hair And almond eyesLaurel you came hereLooking for light A golden light With your red red hair Your almond eyesStrange how he's cold Behind the smile An angry mind Don't wait for tonightLying for lies A golden lie Your red red hair Your almond eyesLaurel you came here Laurel came hereFear is a fog Rolling in and aroundLaurel whispers from inside Laurel running out of time
