

Wild'n Cuz Im Young

Kid Cudi

[Chorus]

I be wylin' 'cause I'm young

Wyl-wild'n 'cause I'm young

Wylin' 'cause I'm young

Wyl-wild'n 'cause I'm young

I be wylin' 'cause I'm young

I be wylin' 'cause I'm young

And I be wild'n 'til I'm chill and old Liquor all night love it!

Untamed youth and coupes move like bullets

I guess the fact my father smoked

And drank made it a young nigga destiny to do the exact same

Young wild'n me and all my codi's

Watch the phonies and hoes they claim they blew me

Dark skinned china dog with the fake tits

Ice grillin' my Spanish chick, word

We all in together now we all fear cops be buggin'

Shotguns on the whip,

Fuck 'em

I will never sweat for a piggy

You catch me high it's all good no biggie[Chorus: x2]Four in the morning getting cosy

So much goose, I let the fry soak it up some

Tuesday weekly, the legend of the rager

Most have witnessed the Cud' in the club

I don't have Plain Pat ready

Ice is thrown and the whole crew gone

Done off the better, girls they love it, totally

Fuck the blogs, I'mma tell my story

No matter the phase, my name is engraved

In the minds of the young

To be living 'til their grave

You live and you learn

Doing bumps in the day

Keep blunts to burn[Chorus: x2]Rage, cause I'm paid

Take the gray and create another shade

Awesome no more bitches playin' possum

Pop and lock em and send em on home

Tired of hoes all they want is to get chose

Know the code when a women with some toes

Optimo's taking trips to Australia

Do some blow if you make through the show
Hands high,
Go with your soul and try floating through the sky
Hide your pain with some pussy and mimosas
Costa Rica next on the agenda[Chorus: x2]
