

You

Everclear

All the scars on my body and soul
All the trouble I've known.
All the evil things that I'll say and do
All comes back to ...Little boy, back when life was new to me
Hiding in my room, waiting for my mom to leave.
I learned to lie, to save her from the truth.
I was raped when I was eight years old
On a sunny afternoon.I fall back to the black and white of here and now
I need to calm down, I think I need to calm down.
I'm on my old street, a past that is so hard for me
Looking for a place that I really do not ever want to see.
All the scars on my body and soul
All the trouble I've known.
All the evil things I'll say and do
It all brings me closer to you.The house is empty, as I walk inside.
I don't want to be here, I want to stay in denial.
I see my demons, smiling in the gloom.
I have to face this thing or I will never leave this room.
See me, playing with the older boys
In a house where my mama told me not to go.
They started hurting me, laughing as they held me down.
They put me in???? awful sound.All the scars on my body and soul
All the trouble I have ever known.
All the fucked up things I'll say and do
It all brings me closer to you.
To you.
I'm screaming in the mirror
Looking in the eyes of you.
Yeah you.
I give my joy and my shame
all the?? and the pain
To you.Now I am addicted to pain.
Yeah I am addicted to everything.
Now I know what I have to do
I have to kill the monsters from you.
For you.
I will forgive those damaged boys
They did this all to you.
I have to fix this broken heart.

I need to be just like a father to you.

To you.

I have to fix this broken heart

or I'll be a sickness with you

For you.

I'll will always be your champion

I will always tear the monsters from you

For you.

I give my joy and my shame

all the?? and the pain

To you.

Twisted, broken, and free.

I am twisted broken, angry and free.

Twisted, broken, angry and free.
