

Daybreak

Air Supply

Daybreak, I can't hide the truth
It seems I'm not so strong
And suddenly, there's no more to lose
So where did I go wrong
I should have known before
Her love for me was gone Now I'm waiting for the light
To fill this empty room
I need you now to break through the night
Whose shadows came too soon
I waited far too long and now
I feel I can't go on Daybreak, oh daybreak
I let her walk away
I should have said, "Don't go"
I know I should have found another way
Now I don't know what to do
So daybreak, please break through Daybreak, I feel so alone
Why won't you come to stay
I waited far too long and now
Now I feel I can't go on
