

The Only One

Global Citizen

you're a sweet little girl from nihon
giving v.i.p. services
earning sterling on your back
from hotel and home visits
you're open early til late
you offer bubble bath or shower
body to body
toys and other devices
but.....pretty baby, i'm the only one that makes you come
pretty baby, i'm the only one that makes you come
pretty baby, i'm the only one that makes you come
pretty baby, i'm the only one that makes you comediscretion assured, luxury apartment
cherry blossom student
advertising "genuine photo"
sensual massage
and most other services
costumes for all occasions
and open to "special requests!"
but....pretty baby, i'm the only one that makes you come
pretty baby, i'm the only one that makes you come
pretty baby, i'm the only one that makes you come
pretty baby, i'm the only one that makes you come
