Magic Show

Robert Bruce

[Verse 1:]Mascato, candlite, baby can you handle it
Tryna make you mine tonight
Feels like I hit the lotto
Girl you the shit
Love the way you workin it
You can kiss my lips and gently bite

[Pre-Chorus:]And baby Imma eat it eat it eat it up believe that
Imma beat it beat it beat it up rub my back
Ok bravo you're immaculate that's a fact
Bet you didn't know I can put down like that
[Chorus:]We bout to make magic
Welcome to my magic show
Watch how fast you come up out of them clothes
We bout to make magic disappear nobody will know
Be surprised how I can make your river flow
So hocus pocus I'm between your legs
Abra kadapra now we're bout to make
We bout to make magic disappear nobdy will know
Be surprised how I can make your river flow
[Verse 2:]Now I'm puttin on this blindfold
I'm a pro with it
Imma make your legs shake but I ain't even in it
Whisper in your ear girl
You won't hear me
To busy drip drippin
Baby girl is you with me

[Pre-Chorus:]And baby imma eat it eat it eat it up believe that
Imma beat it beat it beat it up rub my back
Ok bravo you're immaculate that's a fact
Bet you didn't know I can put it down like that
[Chorus:]We bout to make magic
Welcome to my magic show
Watch how fast you come up out of them clothes
We bout to magic disappear nobody will know
Be surprised how I can make your river flow
So hocus pocus I'm between your legs
Abra kadapra now we're bout to make

We bout to make magic disappear nobody will know
Be surprised how I can make your river flow
[Bridge:]Girl if you let me show you what's in store
I'll put this magic on your body
And so much more
[Chorus:]We bout to make magic
Welcome to my magic show
Watch how fast you come up out of them clothes
We bout to make magic disappear nobody will know
Be surprised how I can make your river flow
So hocus pocus I'm between your legs
Abra kadapra now we're bout to make
We bout to make magic disappear nobody will know
Be surprised how I can make your river flow
