

Turn to Real Life

Shiny Toy Guns

Eyes are magic
See right through me makes me feel like
A girl in a fantasy turned to real life
Stars in the morning makes me feel like
A girl in a fantasy turned to real life Now I'm glowing like a sunset
In the window of my dreams
That turned to real life
I'll never forget when for the first time
A girl in a fantasy turned to real life Makes me feel like
A girl in a fantasy turned to real life
I'm a believer for the first time
I can be beautiful
A girl in a fantasy turned to real life Your fingers running over my body
Makes me feel like a silver angel
Under the moonlight
Right beside me makes me feel like
A girl in a fantasy turned to real life
