

# All I Need

## My Bloody Valentine

You dont ask what I needed to do  
When I come back youll need to choose  
Oh, whatever I ask you take take take take  
Oh, this is all I need to sayIts in your eye, I wondered why  
No need to say can we lie  
(How close?)  
Oh, we dont talk, you know all I need  
Oh, this is what I need to takeYou dont ask what I needed to do  
When I come back youll need to choose  
Oh, all I ask you do do do do  
Oh, this is all I need from you
