But God

Kayla Starks

Yeah Yeah Yeah
I remember when we didn't have a home
5 children were on the way but wasn't full
Told me to rely on you, but I can't even touch YA
Just keepin' it real, I had to learn to stay humble
oooo 'cause I know we were called for greater
But I know YOU were working things out for good and I know things are gonna get better, but ain't nobody tell me what I had to go through
Flashback I could've gave everything I had oh Lord
I could've turned around and ran away from YOU cause I couldn't see YA but YOU made a way GOD...
