Fertile Green

High on Fire

Plant the seed, growing breed, within the turning weed, manifest oracles light
Harvest moon, Winter chills, strengthening breed that kills, fertile female gives sight
Sacrifice of males undone, slays to waste, what's been called unsung
Manifestia, green girl gives the way to follow, growing hollowSmoke weedClone the creed, DNA, cutting back the trim delay, clouds of the spirit gave life
Earthen plant, fertile land, ready for the caravan, the girl of the world plants her plight
Stars agazing, microhazing, planet turned to climate phasing
Face of beauty, conjures duty, quest to find the green bud lurkingKill me a sacrifice
A guidance given lights
Oracle ancient fireKill me a sacrifice
A Guidance given lights
Oracle ancient fire
Fertile green gives with pyrePlant the seed, growing breed, within the turning weed, manifest oracles light
Harvest moon, Winter chills, strengthening breed that kills, fertile female gives sight
Sacrifice of males undone, slays to waste, what's been called unsung
Manifestia, green girl gives the way to follow, grows mankind
